

ORDERING A TAP CUSTOM APPLIANCE

PRINT A LAB SLIP

When you are ready to order your first case, **print out an Airway Labs Lab Slip**. Go to www.airwaylabs.com under “How To Order” or scan the QR code to find the most up-to-date digital lab slip and a list of frequently asked questions.

When you complete an Airway Labs Prescription form and send it with the patient’s models or Poly Vinyl impressions, we will call to inform you that we have received your case and obtain your contact information to **create an account for you**. Your account number will appear on your invoice. When we return the appliance to you, we will include our lab slips and a UPS label (for future cases or returns).

CHOOSE HARDWARE

dreamTAP

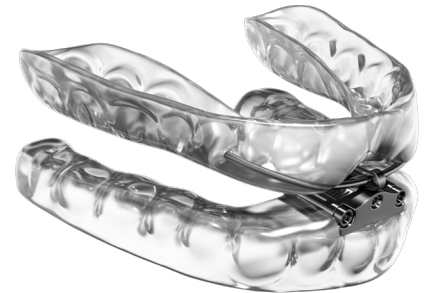

- Newest TAP Custom appliance
- More tongue space for greater comfort
- Cobalt-chromium hardware, stronger than surgical stainless steel
- Rust- and corrosion-resistant
- Nickel-free, 100% allergen-free metal
- Three hook sizes for greater range of adjustment

TAP 3

- Smallest hardware for more tongue space

TAP 1

- Original TAP Custom with the greatest range of adjustment and an attached adjustment dial.

CHOOSE LINER

AccuTherm

- Thinnest custom liner
- Hybrid liner (combination of the best of TL and ThermAcryl)
- Perfect fit every time
- All that is needed to achieve a perfect fit chair side every time is warm water

Triple Laminate (TL)

- Soft liner
- More streamlined

ThermAcryl

- Greater retention for challenging dentitions
- Re-lineable
