

# myTAP<sup>®</sup>

Immediate, precision-fit, non-custom oral appliance for snoring and mild to moderate sleep apnea.

## PROVEN TECHNOLOGY

ACTA study shows myTAP as effective at treating sleep apnea as customTAP – the most effective oral appliance on the market.

“myTAP can be a good alternative option for patients with stable dental and oral health who are unable to use a PAP device.”

*Ofer Jacobowitz, MD*

## PRODUCT BENEFITS

- Low-cost appliance
- Provides same-day treatment and immediate therapy
- Initial fitting in 15 minutes, no lab time required
- Slim, low profile fit
- Refit as many times as needed
- Single point adjustment with 22mm range of advancement

## PATIENT TESTIMONIALS

“myTAP works like a charm. Easy to make, Fits well. Slept well. First time in 2 months my husband didn’t have to go downstairs to get away from me gasping!”

Patient of Dr. Kenworthy

“myTAP is so easy. I just took it home, followed the video online and my snoring was gone.”

Patient, Apria Direct customer review
