CUSTOMER TESTIMONIALS

"I can't believe how secure it fits, how quiet it is, and how well it seals around my nares, without any headstraps and with just light pressure against my nose."

Patient, Pat B.

"Because of this mask, I am now getting the most from my CPAP therapy for the first time in ten years."

Patient, George

NO STRAPS. NO EXCUSES.

It's no secret that up to 70% of people who use a traditional CPAP mask stop using it every night. Some of the most common reasons include:

- Instability
- Leaks
- Pressure drops
- Discomfort
- Marks on the nose and face

PRODUCT BENEFITS

- Nasal pillows fit comfortably using an adjustment piece
- Upper tray anchors the mask in place
- Mouthpiece molds to upper teeth in five minutes
- No bulky headgear
- Patented design prevents air leakage making it one of the quietest pillow masks on the market
